

EZ JACK

- Use as a jack for tandem wheel trailers
The EZ Jack/Level is ideal for changing tires on stock, utility and travel trailers with tandem axles.
- Use as a wheel chock
The EZ Jack/Level can also be used as an effective chock to help secure motor homes, travel trailers, boat and utility trailer on inclines. Use in the reversed position (rocker side down), placing narrow end snugly under the tire.
- Price: **\$70.00**
